SOCCER GALA DAY SUCCESS

On Friday the 10th of June, the Boys and Girls soccer teams competed in the first rounds of the NSW PSSA State Knockout competition. Both teams played exceptionally well and are to be congratulated for their wonderful effort and sportsmanship on the day.

The girls’ team was successful on the day and won both games to progress to the third round stage to be played against Yamba at a date yet to be confirmed. The girls first played Lismore Heights in a spectacular game that went into extra time after the two teams played out a nil-all draw. Our girls came out winners after the extra ten minutes of play on corner kick differences. The second game was played against Tregeagle. The game started strongly in Lismore South’s favour with Hannah Pierce slamming home the opening goal. Tregeagle fought their way back into the game scoring an equaliser late in the game, forcing it into extra time once more. The girls held on to the match again through corner kick differences. Stand out players for the girls were Chantelle Ferguson, Riley McIntyre, Keira Weatherburn and Taylah Fredericks.

The boys team played two hard fought games. Their first match was played against Lismore Public. Both teams played extremely well with the game eventually being won by Lismore Public 2-1. The second match saw the boys play Rous Public School. Rous raced ahead early in the match claiming 3 early goals, however, the Lismore South boys fought their way back into the match through two Lewis Franks goals. The game continued on at 3-2 for much of the match until Rous scored their fourth goal. Standout players for the boys were Lewis Franks who scored all three of the Lismore South goals for the day, Jackson Smith-Browning, Bodhi Estriech, Shane Rapmund and Ezra Margetts-Graham.

Canteen News:

On Friday 17th June, 2011 we celebrated Healthy Kids School Canteen Day, by offering a sample of Pumpkin Soup with croutons and Soft Tacos with avocado, lettuce, tomato and cheese. This was a huge hit with the children. Feedback was fantastic with many requesting soft tacos to be put onto the canteen menu. The Canteen Committee will look at doing this in the near future. We are trying very hard to serve food in the canteen that is in line with the Healthy Canteen Guide with most of the food being classified in the ‘Green’ healthy food section. We will look at offering other food samples throughout the year.

Thanks to Mr Boronski for making the pumpkin soup, and to Paul Smythe and the Year 5/6 children that helped with the preparation and distribution of the meals, and also to Dean (Reuben and Pearly Peachey’s Dad) for making the balloon swords.

In line with this, we are running a colouring competition, where all children will be given a template and are asked to draw some of their favourite foods, and put together a menu in line with healthy eating. A panel will then choose the best out of each class and their creation will be laminated and displayed outside the canteen. Encourage your child to get involved.

If you have any ideas for the canteen menu let us know.
