**Working Bee**

It is so exciting! We have ordered the new fixed equipment for the outdoor play area. The $27000 project is jointly funded with the school, P & C and SRC all contributing to the overall costs.

The school applied for and received a "Premier Sports Award Grant" of $15000; the SRC has raised $3000 over 2009/2010; and the P & C have up to $10000 to contribute to the project.

**SO**... on **April 9th & 10th**, we will be holding a working bee to dismantle the old equipment and upgrade the softfall area. We will also do some gardening and minor painting projects, depending on the number of participants.

Further details will be in upcoming newsletters.

**Easter Celebrations**

Once again the P-2 classes will have an “Easter Hat Parade” at the end of this term. Parents/carer’s are asked to support their child by helping them to make a hat to wear for the parade.

Anyone not able to do this, please let your child’s teacher know so that something can be arranged for them at school.

The parade is a lot of fun, with singing and dancing and Easter Bunny is tipped to make an appearance. The P & C will be assisting the Easter bunny to deliver the eggs on time.

Come along to this special event and join in with the fun...

**School Social**

Each term, teachers supervise an after hours social for students in years 3 to 6. K – year 2 students participate in a more structured event at school, usually held in the same week.

The P & C is often involved in providing snacks and drinks for the social, but share this with SRC and sometimes groups such as the band.

This is an extra curricula activity which teachers and parents volunteer to supervise.

We thank them for generously donating their time.
