SCHOOL WORKING BEE

What a day! Planting, Pruning, Raking, Digging, Cementing, Wood Chipping, Cutting, Painting, Weeding and Watering were just some of the tasks that were completed. Thanks to staff, parents and the children who turned up to the School Working Bee last weekend giving their time and effort. It gave the school grounds a makeover that has made our school look amazing. A big thank you goes to Paul Kohlhagen and the vegetation management company he works for called ASPLUNDH. They provided the wood chipper and equipment which made the job possible. Then to top it off they donated an extra load full of wood chip for the gardens. Let’s take pride in our school and keep it clean after all the hard work. Here are some pictures from the day.

Their movie must include an environmental message which the students decide upon and incorporate into their movie. We are definitely looking forward to watching these films at the end of the year!
